The INT. Edge

Fast

We provide quick and timely delivery

After PM Modi's inauguration, INT. developed and launched MyGov in 3 months to meet urgent citizen engagement needs.

Flexible

We offer solutions that are easily adaptable

INT. provided Cipla a dedicated team to unify 15 siloed agencies, charging per hour to ensure alignment.

Futuristic

We are driven by innovative ideas

Counterfeit drug detection using advanced technology, blockchain for reliable authenticity verification for Zuellig Pharma

Where We are Better

SWIFT

1

We ensure fast functionality of our solutions through the use of advanced technologies

SCALABLE

2

Our solutions achieve scalability through strategic architectural implementations

SECURE

3

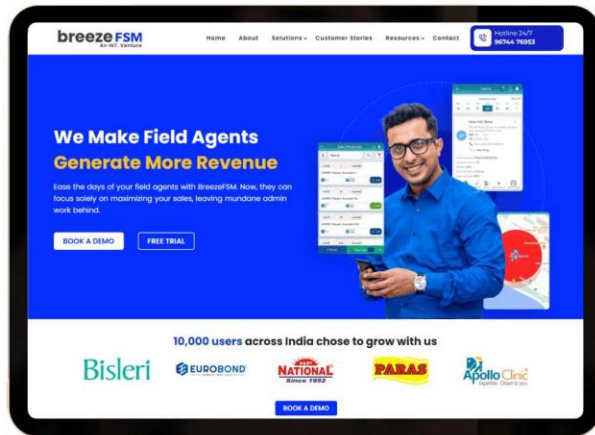

We guarantee robust data protection through industry certifications

Flagship Innovations

Breeze FSM

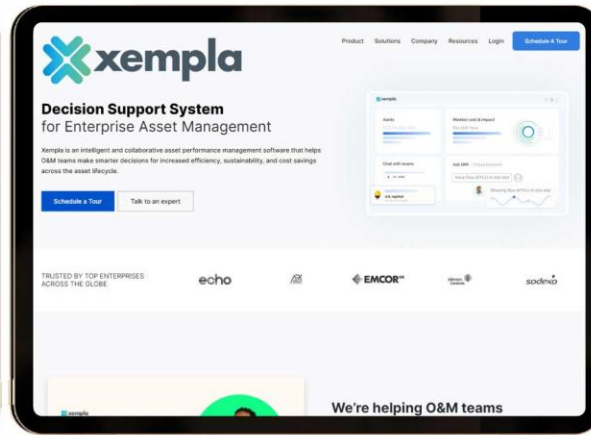

A field sales management platform that streamlines CPG companies' route-to-market capabilities across the value chain.

Clients:

Xempla

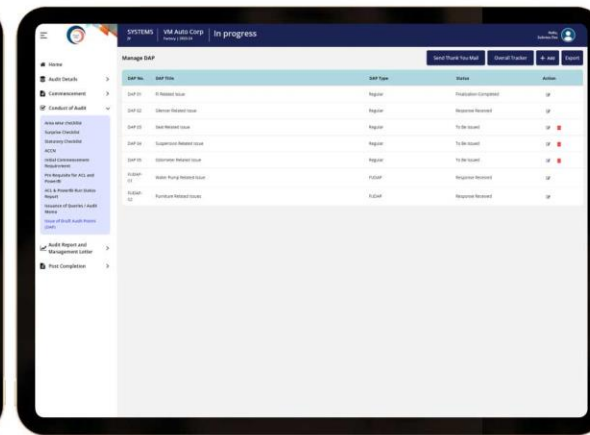

A Decision Support System for Enterprise Asset Management, providing tools and assistance powered by AI, ML, and NLP.

Clients:

Audit Management System

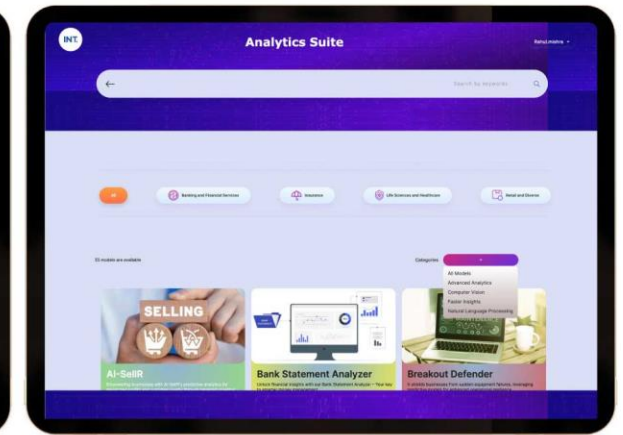

The Audit Management System enables businesses to seamlessly conduct & manage diverse audits through its customisable framework.

Client:

Cogniverse

A comprehensive analytics suite equipped with 55 readily deployable analytics models, to empower various businesses.

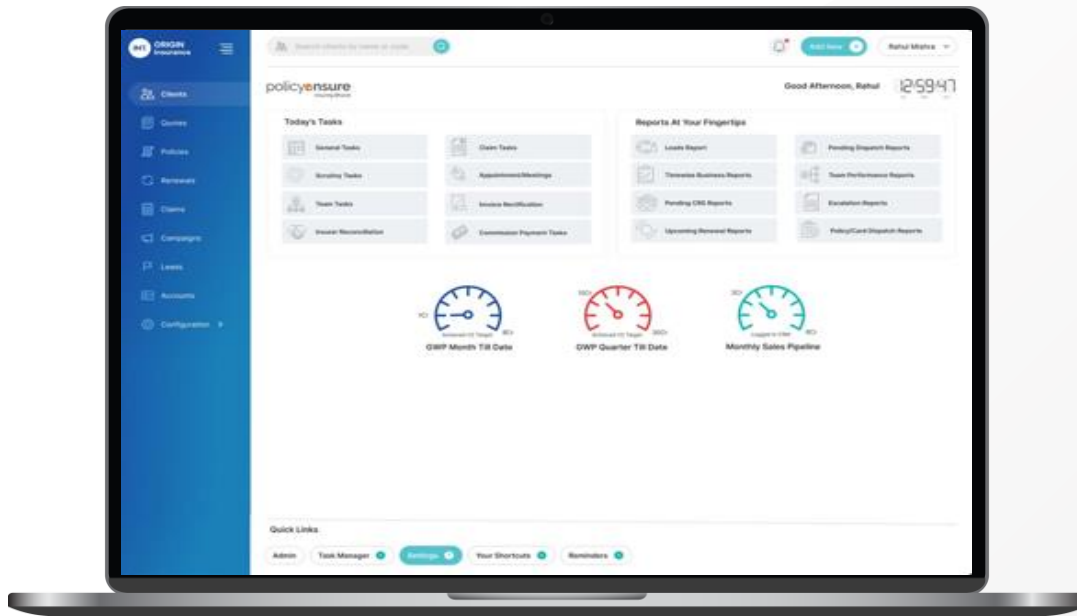

Clients:

Flagship Innovations

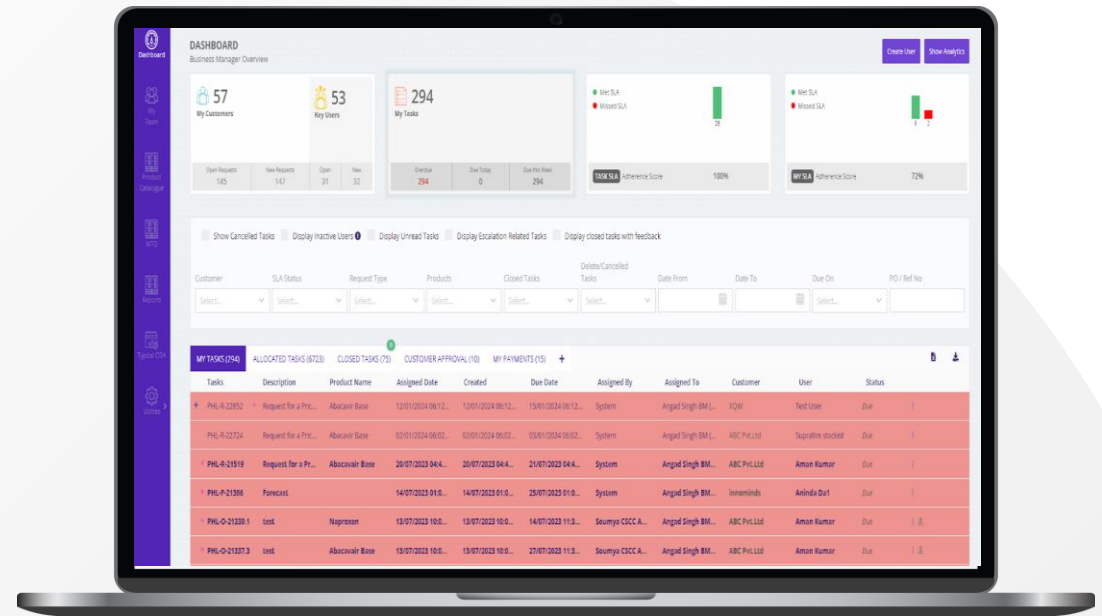

INT. Origin Insurance

End-to-End customisable Insurance solution for Insurers, Brokers, and MGAs

Distribution Management System

Order management and collaboration platform for distributors and employees

INT.

Client Speak

BAJAJ | Allianz 

INT. hit a grand slam for us. Your expertise and mastery of data mining and sales performance management MIS report automation proved a boon for us. Your solutions drastically reduced the time required for the generation of the reports with minimal / no manual intervention.

Tapan M Mehta

Institutional Business, Bajaj Allianz Life Insurance

INT.

From our point of view, INT. obviously helped us create value. When we started out with a product that barely worked. Now we actually have a mature product used by thousands of users at hundreds of sites.

Malcolm McLean

CTO, Ageas Insurance

IndusInd Bank

The entire team of INT. has worked very hard to take this project to this stage despite the fact that the team has faced various challenges. The INT. team has stretched multiple times and has done a lot of work with a great attitude, motivation and calmness.

Ankit Gupta

VP Solution Delivery Group,
IndusInd Bank

INT.

We see INT. as a future partner for their own expansion. After almost a decade of working together, we will need INT's support for our new steps in the growing markets.

Michael Schiener

CEO, Cashpoint

Cipla

INT. offered us a very flexible model so that we could onboard any skill sets that were required to complete the project. Be it content management or basic CMS or Drupal platform, server administration or security skill sets, all are covered in the engagement model we had with them.

Rinkesh Shah

Ass. Director – Digital Marketing at Cipla

INT.

SOMAX

From our point of view, you obviously helped us create value. When we started out with a product which barely worked and now we actually have a mature product used by thousands of users at hundreds of sites.

Roger Lawton

CEO, Somax Inc.

Remitrix

I highly recommend INT. Very few quant people possess the total package: excellent credentials, strong statistical, and data mining skills. The initiative to anticipate client needs, compelling and concise communications, strong client management skills, and a results-driven mindset stay included. INT. has led numerous projects that have helped our company maximise growth and understand our customers better. In all, the quality has been superior, and their client-service attitudes are tremendous.

Effi Mor

CEO and Co-Founder, RemitRix

INT.

Over the past few months, I have been blown away by Team INT. An incredible group of professionals in every sense of the word is helping me bring disruptive technologies into the hands of entrepreneurs in developing countries. They continue to amaze me with their innovative approach and steadfast determination to make the impossible become reality. One of the best investments I ever made!

Aaron L Smith

Founder & CEO, Workplace Readiness
Solutions

INT.

The engagement met the expectations of the internal team. INT. establishes a smooth workflow, providing reliable results in a timely manner. The team is hard-working, communicative, and data-driven.

Hussein Boor

CEO, Ggulpay

INT.

We Are a Great Place to Work

The Indus Net Foundation, linked to your company Indus Net Technologies, focuses on several CSR initiatives aimed at contributing positively to society. Their efforts include:

Education Initiatives

- The Shree Chavo Veero Girls School serves 1000+ students, offering education from play school to college, and includes a hostel run by a not-for-profit trust
- Launched "Read To Learn" to bridge English comprehension skills among rural youth in India
- Established digital labs to enhance learning infrastructure and promote education in underserved communities

INT. managed medical equipment supply chains, operated a crisis call center, and donated ventilators and oxygen concentrators during COVID-19.

These efforts reflect a strong commitment to corporate social responsibility. For more details, visit <https://www.indusnetfoundation.org/>.
